SUBJECT: Underground Storage Tank (UST) Closure Assessment at One Stop, 931 W.
Harrison St., Reidsville, Rockingham County

Dear Mrs. Fleming:

The Groundwater Section of the Winston-Salem Regional Office is now reviewing the UST closure assessment for the subject location. In order to determine whether or not the closure was performed in accordance with State and Federal regulations, the Groundwater Section must be provided with the following information within *30 days from receipt of this letter*:

- a description of the decontamination procedures used during sample collection;
- one sample under the each dispenser; and,
- the disposal manifest for the tanks or the address of the person/company the tanks were transferred to.

All soil sample analyses must be accompanied by a chain-of-custody and the sampling protocol. *Please note that all subsurface investigative work is now required to be supervised by a Licensed Geologist or Professional Engineer, with all reports signed and sealed by that professional.* Your cooperation is appreciated. Please refer to the file name, **One Stop**, on the cover letter of your reply. This will help us speed up the review. If you have any questions please contact me at the letterhead address and/or telephone number.

Sincerely,

Shuying Wang
Hydrogeological Technician I
